EXPERIENCE

- 06/2024 - 03/2026

Integrations Support Specialist II

ZoomInfo

 - Supported technical implementation, configuration, and troubleshooting of ZoomInfo integrations across CRM, MAT, ATS, sales engagement, and GTM platforms, maintaining 99% SLA compliance.
 - Guided enterprise clients through integrations involving Salesforce, HubSpot, Microsoft Dynamics, Greenhouse, Outreach, Salesloft, Zapier, Claude, Gong, G2, Azure, Chorus, and third-party data connectors.
 - Led a **C-suite visible enterprise remediation project**, applying Agile delivery methods to resolve **100,000+ CRM data mismatches**, deliver incremental data releases, validate Salesforce-to-ZoomInfo mapping logic, and achieve **100% data rectification, field remapping, and integration realignment** against defined acceptance criteria.
 - Built AI agents and workflow automations** to streamline recurring tasks, improve operational efficiency, and support internal integration processes.
 - Resolved API, authentication, sync, permissions, field mapping, duplicate rule, and data enrichment issues while validating integration behavior using SQL, Snowflake, and Amplitude.
 - Led technical discussions with clients, executive stakeholders, and internal teams on CRM workflows, API behavior, data transformations, risks, and implementation requirements.
 - Trained** Support and Customer Success teams on recurring integration issues, **reducing Integrations team dependency by 25%+ and saving approximately 1 full workday per week.**
 - Improved high-volume ticket triage by introducing a structured case-claiming workflow, **reducing TTFR from 64 to 31 and improving first-response performance by 52%.**

01/2022 - 05/2024

Operations Associate II - Network Growth (Project Specialist)

Fourkites

- Managed end-to-end customer onboarding, setup, post-launch support, compliance tracking, and platform adoption, **consistently achieving 100% of annual performance goals.**
- Led the successful USPS implementation on the FourKites platform, coordinating with internal teams and **100+ affiliated entities to establish scalable network connectivity** for a high-value business partnership.
- Resolved 95%+ complex client issues** by managing escalations, removing onboarding blockers, coordinating with stakeholders, and ensuring timely implementation support.
- Delivered product training, platform guidance, and process support to improve customer adoption, compliance, retention, and long-term account success.
- Tracked KPIs, operational metrics, compliance status, and customer engagement trends to improve onboarding performance and support data-driven business reviews.
- Conducted client business reviews** to present product value, performance trends, compliance updates, and process improvement opportunities.
- Collaborated with Product and Engineering in Agile/Scrum ceremonies, including JIRA grooming, backlog refinement, sprint planning, and requirement clarification.
- Influenced product roadmap through client feedback

05/2020 - 12/2021

Product Specialist

Byjus - The Learning Application

- Served as primary client contact and product specialist, providing guidance, troubleshooting support, and solution recommendations
- Collaborated with clients to understand business needs, goals, and challenges, delivering solutions aligned with customer requirements
- Partnered with development teams to resolve product issues, communicate client feedback, and support service improvements
- Used CRM platforms to track client interactions, maintain accurate account data, and manage follow-up activities
- Trained and onboarded new employees by providing process guidance, product knowledge, and support resources
- Managed L3 and social media escalations, ensuring timely issue resolution and customer satisfaction
- Evaluated product gaps, service issues, and client feedback to identify improvements that enhanced the customer experience
